Dear Sir

As a interstate truck driver I find XM radio to be a valuable tool. Satellite radio provides variety and a higher quality programming that is not available anywhere else. I pay for this service and it should not be up to the NAB to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programing that I demand and deserve.

Thank you for listing, Don Holmes
